Important notices

Smart**Medic** Shield Double Annual Limit is a unit deduction medical rider attachable to selected regular premium investment-linked insurance plans. Smart**Medic** Shield Double Annual Limit can only be attached together with Smart**Medic** Shield plus Smart**Medic** Shield Extender.

These plans are insurance products that are tied to the performance of underlying assets, and are not pure investment products such as unit trusts. The insurance charge, if any, to be imposed will be deducted from the total investment value of your policy on a monthly basis. You may stop paying premiums under the policy and still enjoy protection as long as there is sufficient total investment value to pay for the insurance charge. However, there is a possibility of the policy lapsing when the required charges, including rider charges exceed the total investment value of the fund units available. Purchasing too many unit deduction riders may deplete the fund units.

You should satisfy yourself that this rider will best serve your needs and that the premium payable under the policy is an amount you can afford. A free-look period of 15 days is given for you to review the suitability of the Medical and Health Insurance (MHI) product. If a rider is cancelled during this period, the policy owner is entitled to the reinstatement of the units deducted for the payment of insurance charge after net of expenses incurred for the medical examination, if any. If you switch your Medical Policy/Rider from one company to another or if you exchange your current Medical Policy/Rider with another Medical Policy/Rider within the same company, you may be required to submit an application where acceptance of your proposal will be subject to the terms and conditions to be imposed at the time of Policy/Rider switching or replacement.
