

# GREAT Critical Cover Series

Critical illness coverage that continues  
over and over again, beyond your first claim

# Critical illnesses have a tendency to strike again and again. That's why GREAT Critical Cover protects you over and over.

When a critical illness strikes, it doesn't just impact your health – you also need to think about how the costs of managing the condition will affect your family's finances.

And because some critical illnesses can recur and increase your risk of developing a second or even a third critical illness, it's important to be ready for whatever might come your way.

Here's our guide to staying prepared, starting with choosing a plan that suits your needs.

## If you are looking for your first critical illness plan:

### ✔ GREAT Critical Cover: Complete

This plan covers against 53 critical illnesses with 100% lump sum payout<sup>1</sup> for early, intermediate and critical stages of critical illness.

## If you already have some critical illness coverage but wish to boost your protection against the most common critical illnesses:

### ✔ GREAT Critical Cover: Top 3 CIs

This plan covers against cancer, heart attack and stroke – the top 3 most claimed critical illness conditions – and offers a 100% lump sum payout<sup>1</sup> regardless of stage diagnosed.

To ensure that you remain covered even after a first claim, you can add on the optional Protect Me Again rider to either plan and receive an additional coverage of 100% payout for up to two critical illness episodes<sup>2</sup>. This means you continue to be protected and can focus on getting better.

## 1 in 4

Singaporeans may develop a critical illness by the age of 75<sup>3</sup>.

## >90%

of critical illness claims come from only five conditions<sup>4</sup> including major cancers, heart attack and stroke.

## Some cancers have high recurrence rates.

Ovarian cancer, for example, recurs in 85% of patients, and 50% of patients with bladder cancer develop recurrence after cystectomy<sup>5</sup>.

<sup>1</sup> Please refer to the Product Summary for more details on the benefit term and conditions.

<sup>2</sup> Coverage restores to 100% after 12 months from the date of diagnosis for the most recently diagnosed critical illness, for a subsequent claim of a different critical illness. Coverage restores to 100% after 24 months from the date of diagnosis of the immediately preceding applicable critical illness for recurrent critical illness. Please refer to the Product Summary for more details on the benefit terms and conditions.
