Best Comprehensive
Maternity Coverage for
First & Second-time Mums

GREAT Maternity Care 2

Comprehensive coverage from as early as
13 weeks into your pregnancy

Parenting kickstarts before the baby's first kick

As you embark on the exciting journey of parenthood and prepare for your little one's arrival, we understand the need to prioritise your child's health and protection.

GREAT Maternity Care 2 provides comprehensive coverage and peace of mind for both you and your child, from as early as 13 weeks of pregnancy until the end of third policy year.

From the first ultrasound to your baby's first cry, your child's lifelong protection is ensured without medical assessment, when you exercise the Guaranteed Insurability Benefit (GIB) option¹.

Why GREAT Maternity Care 2

Comprehensive coverage that begins before your child's birth

Your coverage includes protection against 18 pregnancy and childbirth complications², along with psychological consultations³. Additionally, your child is covered for 26 congenital conditions⁴ and 15 juvenile illnesses from birth until the end of third policy year.

Financial coverage for mother and child's medical needs

Receive up to S\$200 daily hospital cash payout⁵ on a covered hospitalisation event for both the mother and child. Some of the commonly encountered hospitalisation events are complications of Lactational Mastitis for the mother, and Phototherapy or blood transfusion for Severe Neonatal Jaundice, Hand, Foot and Mouth Disease (HFMD) and other infectious diseases for the child.

Safeguard you and your child's future for life

With the GIB option¹, you can insure yourself and/or your child under an eligible life or wealth plan without medical underwriting. Any pre-existing conditions diagnosed in your child prior to the purchase of the new policy via the GIB option¹ will also be covered⁶.

Mum Again Benefit for your subsequent pregnancy

Underwriting will be waived⁷ on your next eligible maternity plan providing coverage on your subsequent pregnancy.

How GREAT Maternity Care 2 protects Tammy and her child

Tammy

13th week of pregnancy

First-time mum Tammy, 33 years old, signs up for GREAT Maternity Care 2 during her 13th week of pregnancy.

One-time premium: S\$916
Sum assured: S\$10,000

40th week of pregnancy

She gives birth to a baby girl, Allie, through natural delivery.

Within 30 days from birth

Baby Allie is required to stay in the hospital for 5 days to undergo phototherapy treatment for Severe Neonatal Jaundice.

Tammy receives a cash payout of S\$200[†] a day under the Hospital Care Benefit.

Her total cash payout for a 5-day hospital stay is **S\$1,000[†]**.

A week later, Tammy is hospitalised for 2 days due to complications from Lactational Mastitis.

She receives a cash payout of **S\$400[†]**.

Within 90 days from birth

To secure Baby Allie's health coverage, Tammy seized the chance of an existing promotion to ensure Baby Allie's health coverage, opting for a simplified application of just answering two simple questions for her hospitalisation plans⁸.

With the GIB option¹, Tammy can purchase an eligible life or wealth insurance plan for herself and Baby Allie without having to go through any medical underwriting.

End of 1st policy year

Baby Allie is hospitalised in the Intensive Care Unit (ICU) for 10 days, due to bronchitis.

Tammy's total cash payout for a 10-day hospital stay is **S\$2,000[†]**.

End of 3rd policy year

Coverage for both Tammy and Baby Allie ends.

Total cash payout received: S\$3,400

Notes and Disclaimers

¹ The Guaranteed Insurability Benefit (GIB) option can only be exercised once for the mother, and once for the newborn. GIB option must be exercised within 90 days from the birth of the child. The list of eligible plans, and the maximum sum assured limit per life per plan that can be purchased on the life of the mother and/or the newborn are subject to change as determined by Great Eastern. The list of eligible plans excludes all hospitalisation plans such as GREAT SupremeHealth and GREAT TotalCare. The precise terms and conditions of the insurance plan are specified in the policy contract.

² The Pregnancy and Childbirth Complications Benefit is only payable once regardless of the number of fetuses.

³ We will pay S\$100 for each session of psychological or psychiatric consultation, capped at 3 sessions. This benefit will end once the limit has been reached, or 120 days from the birth of the insured child, whichever comes earlier.

⁴ If the mother is carrying twins, the Congenital Illness Benefit is payable once for each child respectively.

⁵ Hospital Care Benefit for the mother is payable up to a maximum of 30 days. The insured mother is still eligible to claim for Death or Total and Permanent Disability (TPD) Benefit, Pregnancy & Childbirth Complications Benefit and Psychological Consultations Benefit even though the Hospital Care Benefit of maximum 30 days has been utilised. If the mother is carrying twins, the Hospital Care Benefit is payable up to a maximum of 30 days for each child respectively. The child is still eligible to claim for Death, Congenital Illness Benefit, Juvenile Illness Benefit and Major Organ Benefit even though the Hospital Care Benefit of maximum 30 days has been utilised.

⁶ If the insured child is diagnosed with a covered condition as a result of a pre-existing condition before he/she attains 6 years old, we will pay out the claim subject to an overall limit of S\$30,000. Claim payout due to pre-existing conditions is only payable once, coverage (if any) will continue with reduced sum assured and premium.
