

Life Protection

GREAT Term 2

Customisable term protection, supporting your family's needs

When your family depends on you, the protection must continue

You are the heartbeat of your family — the steady force that fuels your child's dreams and safeguards your parents' comfort as you care for them. Even when life brings unexpected challenges, your love for your family does not waver, and the responsibilities you carry only grow stronger.

GREAT Term 2 was created with this in mind. This regular premium, non-participating term plan provides customisable coverage to support you and your family's needs. With the option to strengthen your protection through add-on critical illness coverage, it offers greater financial flexibility to help you plan ahead for your family and secure your own path to recovery.

Why GREAT Term 2

No-frills protection you can rely on

Designed to safeguard your family's financial security, our term plan provides coverage for death and terminal illness at a low cost. With level premiums throughout the policy term, it helps you keep protection in place while managing everyday financial responsibilities with confidence.

Choices for comprehensive critical illness coverage

Strengthen your protection with Complete Living Care Rider 2, which provides well-rounded coverage for all stages[‡] of critical illness — early, intermediate and late stage, or consider just a late stage critical illness rider to suit your needs.

You can also enhance your coverage with optional riders for total and permanent disability or accident, or add on premium waiver riders to help ease the financial commitment of premiums upon diagnosis of a covered condition.

Flexibility to evolve as life changes

You have the option to seamlessly convert[§] your term plan and eligible rider(s) to a life policy with cash value, with no further health assessments required. This flexibility allows you to adjust your coverage as needs change, while keeping protection in place as responsibilities continue.

Added support that matters

From health screening and telemedicine services to smart fitness gear, our value-added services are designed to support your health and wellbeing beyond insurance coverage, across everyday needs and during life's challenging moments.
