Customise your coverage to suit your needs, at an affordable price

You have great ambitions, especially when you are young and starting out in life. But unforeseen events may disrupt your aspirations. To ensure you have the financial support to let you stay on track throughout your life's milestones, it is essential to have a protection plan that can be customised to meet your evolving needs.

That's why GREAT Term, a regular premium, non-participating term insurance is designed to provide you with the added financial security to pace towards success.

Why GREAT Term

Customise the duration of your coverage to suit your needs

You can customise the duration of your coverage from a 6-year-term, to up to age 85. With a regular premium level term plan, your premiums remain constant throughout your policy term. This allows you to secure your future financial plan with greater confidence.

Affordable premiums coupled with comprehensive coverage

From as low as S\$0.62* a day, you can be protected against death and terminal illness. Enjoy the flexibility to add optional supplementary riders to cover total and permanent disability, early, intermediate and / or critical stage critical illness, and accident. Further, take comfort by adding our premium waiver riders to free up financial concerns over managing premiums upon diagnosis of a covered condition.

Flexibility to convert¹ your policy

As your needs evolve into different phases of life, you have the flexibility to convert¹ your term plan and its rider(s) to a life policy offering cash value in the future, without the need to undergo medical examination. This allows you to adjust your coverage to suit your changing needs at different life stages, without disrupting your protection levels.
