

A**POLICY LOAN AGREEMENT**

THIS AGREEMENT is made between The Great Eastern Life Assurance Company Limited ('the Company') and the undersigned Applicants ('the Borrower and Assignee'). In consideration, the Borrower and Assignee will agree to the terms set out below:

- I. The Loan Agreement is subject to the following conditions precedent:
 - a. On application by the Borrower, the Company will assess his/her loan eligibility in accordance with its applicable internal guidelines. The Company may in its sole discretion decide if it will approve or reject an application for a Policy Loan, without providing any reason whatsoever.
 - b. All information provided by the policyholder / Trustee/ Assignee / Borrower in relation to the policy and loan application are true, accurate and complete. The Company shall have the right to recall the loan amount (including any accrued interest) and/or terminate the Policy Loan immediately if any of the information is false, inaccurate or incomplete.
 - c. The policyholder / Trustee / Assignee / Borrower must satisfy all of the Company's assessments conducted for the purposes of financial crime compliance and due diligence (including but not limited to anti-money laundering, economic sanctions and countering the financing of terrorism). The Company reserves the right to perform such assessments on an ongoing basis until the expiry of the loan period. In the event that the policyholder / Trustee / Assignee / Borrower fails to satisfy such assessments, the Company shall have the right to recall the loan amount (including any accrued interest) and/or terminate the Policy Loan immediately.
- II. The Borrower(s) and Assignee assign to the Company the Policy and all monies assured by and which may become payable under the Policy.
- III. Interest is due and compounded on each anniversary of the commencement date of the Policy, is charged at an annual rate **(6.0% per annum for SGD denominated Policy and 6.5% per annum for USD denominated Policy)** and is calculated on a daily basis on the total amount of the outstanding loan. The Company reserves the right to change the interest rate from time to time without prior notification to the Borrower(s) and Assignee. A failure to pay the interest on the due date will result in the adding of unpaid interest to the total amount of the outstanding loan. Should the total amount of the policy loan together with accrued interest exceed the surrender value, the Policy will automatically terminate and have no further value.
- IV. The Borrower(s) and Assignee shall indemnify and keep the Company indemnified against all damages, costs and expenses incurred by the Company arising from any claim by a third party as a result of the Company's grant of the policy loan under the below Policy which was pledged or charged to that third party as a security or collateral security for a loan taken by the Borrower(s) and Assignee which the Company had no knowledge of at the time that the said policy loan was granted.
- V. The Borrower(s) and Assignee declare that they are not un-discharged bankrupt(s) and that the Borrower(s) and Assignee have committed no act of bankruptcy within the last twelve months and that no receiving order or adjudication in bankruptcy have been made against the Borrower(s) and Assignee during that period.
- VI. The provisions of the Policy relating to loans on the surrender value of the Policy are hereby incorporated into this Policy Loan Agreement and form part of this Policy Loan Agreement.
- VII. If you have used your policy to be exempted from the CPF Board's Home Protection Scheme (HPS), any changes to the policy would void your exemption and you would be required to reapply for exemption from HPS by purchasing other private policies or apply to be insured under HPS.

B**WHAT YOU SHOULD TAKE NOTE**

1. Form Usage and Validity
 - Only exact duplicates of the original form (photocopied or downloaded) will be accepted
 - Once approved and processed, the request cannot be reversed or reinstated. Please review carefully before submission.
2. Signature Requirements
