

GREAT FAMILY CARE

A single Critical Illness term plan that protects three generations

We are the “Protection for Every Generation” company.

With greater wealth differences and rising costs of living in Singapore, you may find yourself in the ‘sandwich generation’. Addressing your current financial needs and obligations to your parents, while planning ahead to give the next generation the best they deserve, is an important priority in your life. You want to be able to care for and support your family when an illness strikes.

GREAT Family Care, a first-ever multi-generational Critical Illness regular premium term plan, addresses your concerns and helps you and your family to deal with life’s unexpected challenges. It covers you against Critical Illness, Death, Total and Permanent Disability¹ and Terminal Illness, and provides free protection for your children against Critical Illness and Juvenile Conditions. In addition, you have the choice to enhance your family’s coverage by adding the Parent Protect rider² — insuring your parents without any medical assessment.

How GREAT Family Care helps you and those you love

Yourself

Enjoy comprehensive coverage against 53 critical illnesses, Death, Total and Permanent Disability¹ and Terminal Illness up to age 85 at an affordable premium.

Your children

All your children, including those born in the future, are automatically insured for free under **Child Protect benefit**³. Your children will enjoy protection against 53 critical illnesses and 25 juvenile conditions up to age 18, with no policy application or medical assessment required.

If any one of your children is diagnosed with any of the covered conditions, you will receive a lump sum payout of 25% of your policy’s sum assured (up to S\$50,000 per child). This payout is additional and does not reduce your own coverage.

Your parents

Provide added protection for your parents in their golden years. With an optional rider, **Parent Protect**², GREAT Family Care supports your parents against the unexpected. In the unfortunate event of Major Cancer, Alzheimer’s Disease / Severe Dementia or Parkinson’s Disease, a lump sum payout will be given upon the first claim. Thereafter, the rider ceases. Coverage is guaranteed with no medical assessment required.
