

THE GREAT EASTERN LIFE ASSURANCE COMPANY LIMITED

(Incorporated in Singapore)
(Company Registration No. 190800011G)

CORPORATE GOVERNANCE REPORT FY2011

The Board of Directors and Management of The Great Eastern Life Assurance Company Limited (“Great Eastern Life” or the “Company”) place great importance on high standards of corporate conduct and are committed to good corporate governance and integrity in the business operations and dealings of the Company and its subsidiaries (collectively, the “Group”).

The Company adopts corporate governance practices which are in conformity with the Insurance (Corporate Governance) Regulations 2005 (“ICGR”) and the Guidelines on Corporate Governance (the “Guidelines”) for Banks, Financial Holding Companies and Direct Insurers which are incorporated in Singapore (“Financial Institutions”) issued in September 2005 by The Monetary Authority of Singapore (the “Authority”). The Guidelines comprise the Code of Corporate Governance 2005 (the “Code”) for companies listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”) and supplementary principles and guidelines added by the Authority to take into account the unique characteristics of the business of the Financial Institutions. The Insurance (Corporate Governance) (Amendment) Regulations 2010 and revisions to the Guidelines were issued on 9 December 2010. The Company has taken measures to observe the requirements by the effective dates in 2011 and 2012.

The Company is a wholly-owned subsidiary of Great Eastern Holdings Limited (“GEH”). As GEH, being listed on SGX-ST, adopts corporate governance practices which are in conformity with the Code, the Company’s corporate governance practices are also aligned with the practices of its holding company, GEH.

THE BOARD’S CONDUCT OF AFFAIRS

Principle 1: Every company should be headed by an effective Board to lead and control the company. The Board is collectively responsible for the success of the company. The Board works with Management to achieve this and the Management remains accountable to the Board.

Board responsibilities and accountability

The Company’s Board provides strategic direction to the Company and its principal role and functions include the following:

- (a) reviewing and approving the Company’s strategic direction, overall policies, long term goals and financial objectives, business plans and annual budget;
- (b) providing Board oversight over the business affairs and reviewing the financial performance of the Company and the Group;
- (c) providing oversight over the setting of the Company’s values and standards with emphasis on the Company’s core value of integrity and proper conduct of the Company’s business affairs at all times and good corporate governance practices;
- (d) overseeing the establishment of frameworks for adequate, prudent and effective internal controls and processes and effective risk assessment and management;
- (e) overseeing the succession planning for key senior executive positions within the Company and the Group and responsibility for the selection and appointment of the Group CEO;
- (f) approving major corporate activities, initiatives and transactions of a significant nature;
- (g) monitoring management performance;

- (h) ensuring that management formulates policies and processes to promote fair practices and high standards of business conduct by staff; and
- (i) overseeing, through the Risk and Investment Committee, the establishment and operation of an independent risk management system for managing risks on an enterprise-wide basis, including the adequacy of the risk management function.

Records of all meetings of the Board and Board Committees, in particular, records of key deliberations and decisions taken, are maintained.

G 1.3 Board Committees

The Board has established an Audit Committee and a Risk and Investment Committee (“Board Committees”) to assist it in carrying out more effectively its oversight of the operations and business affairs of the Company. These Board Committees have been constituted with clear Board-approved written terms of reference.

The Company’s Board Committees in carrying out their responsibilities in accordance with their respective terms of reference are also actively engaged in assisting the Board to ensure compliance with good corporate governance practices by the Company. Details of the roles and principal responsibilities of the Board Committees are set out in the relevant sections on the respective Board Committees in this Report.

G 1.4 Meetings and Directors’ attendance

The Board meets regularly during the year, to review the business performance and key activities of the Company and the Group presented by Management, and to consider business proposals of a significant nature. Decisions are taken objectively in the interests of the Company. The Board works with Management to achieve this and the Management remains accountable to the Board. Where warranted by particular circumstances, ad hoc Board or Board Committee meetings will be convened. In 2011, the Board held eight scheduled Board meetings and two ad hoc Board meetings. Meetings of the Board and Board Committees via telephone or video conference are permitted.

G 1.4 The number of meetings of the Board and Board Committees held in 2011 and the attendance of the Directors at those meetings are tabulated below.

Directors' attendance at Board and Board Committee meetings in 2011

The number of meetings indicated in "Held" above reflects the number of meetings held during the time the respective Directors held office.

Total number of ad hoc meetings held in 2011 – Board: 2

- G 1.5 The Company has adopted internal guidelines on matters which require Board approval. Matters requiring Board's approval include overall business strategy and direction, significant policies governing the operations of the Company, strategic or significant acquisitions, investments and divestments by the Company, corporate restructuring, major corporate initiatives and other Company activities of a significant nature, dividend policy and dividend declaration and financial statements of the Company.

Newly-appointed Directors will be apprised of their statutory duties and obligations and issued a Director's orientation kit which will include key information on the Company and terms of reference of the Board and Board Committees. As part of the induction program for new Directors, Management will brief new Directors on the Company's principal activities, in particular, the insurance business and the induction program will be tailored to the specific development needs of the new Director. The Company constantly reviews and improves on the contents of such briefings to new Directors to enable new Directors to have a more comprehensive understanding of the Company, the insurance business and practices and relevant regulatory requirements and the financial statements of an insurance company.

Board Training

- The Directors are continually updated on developments affecting the insurance industry. From time to time, the Company organises talks, seminars or presentations by external professionals, consultants or Management on topics relevant to the insurance industry and provides updates on developments in the industry locally and in other developed countries. When deciding on the training to be provided, the skills required by the Board and its committees are taken into account.
- G1.16

A reference library containing publications and materials relating to the insurance industry and other relevant publications has been set up for Directors and industry-related or topical articles are regularly circulated to Directors as part of the Company's continuing education program for Directors. Continued training and development programs for Directors are more flexible and Directors may attend appropriate courses, conferences and seminars conducted by professional bodies within the industry or other external professional organisations.

BOARD COMPOSITION AND GUIDANCE

Principle 2: There should be a strong and independent element on the Board, which is able to exercise objective judgement on corporate affairs independently, in particular, from Management. No individual or small group of individuals should be allowed to dominate the Board's decision making.

G 4.6 Board Composition

The Company's present Board of five Directors comprises a non-executive Chairman, Mrs Fang Ai Lian, three other non-executive Directors and executive Director and Group Chief Executive Officer ("Group CEO"), Mr Christopher Wei, who joined the Company on 10 February 2011. The three other non-executive Directors are Mr Gerard Ee Hock Kim, Mr Koh Poh Tiong and Mr Tan Yam Pin.

Mr Soon Tit Koon, a Director and member of the Risk and Investment Committee, stepped down from the Board on 5 December 2011. The Company intends to appoint a new Director to fill the position vacated by Mr Soon.

Board independence

The Company is a “significant insurer” under the ICGR. Such a significant insurer means any direct life insurer which (a) is incorporated in Singapore and (b) has total assets of at least \$5 billion or its equivalent in any foreign currency in its Singapore Insurance Fund and Offshore Insurance Fund.

The Company defines the independence of its Directors in accordance with the ICGR, where an independent director in relation to a significant insurer means a director who is independent from management and business relationships with the significant insurer, independent from substantial shareholders of the significant insurer and has not served for more than nine years on the Board.

- G 4.6 The Board of Directors determines annually whether a Director is independent. Taking into consideration the definition of “independent Director” set out in the ICGR, the Board of Directors has determined that the Company’s independent Directors are: Mr Gerard Ee Hock Kim and Mr Koh Poh Tiong. Thus the independent Directors comprise one-third of the Board. Further, the Company’s present Board comprises a majority of Directors who are independent from management and business relationships with the Company (only the Group CEO is not independent from management). Hence the composition of the Company’s present Board is in compliance with the ICGR.

Following the appointment of a new director to fill the position vacated by Mr Soon, the board size would be restored to six. The Board is of the view that such a board size would facilitate effective decision making, taking into account the scope and nature of the operations of the Company.

The Board members of the Company are from diverse backgrounds and qualifications, and bring a wide range of commercial and financial experience to the Board. Collectively, they provide the necessary business acumen, knowledge, capabilities and core competencies to the Company, including industry knowledge in insurance and actuarial science and knowledge in banking, finance, management, accounting, investment and asset management, consumer marketing, real estate and property development. The diversity of experience and competencies of the Directors enhance the effectiveness of the Board in discharging its responsibilities.

The non-executive Directors constructively challenge and help develop proposals on strategy and review the performance of Management in meeting agreed goals and objectives and monitor the reporting of performance.

The non-executive Directors meet during the year without the presence of Management to discuss matters such as the performance and effectiveness of Management.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3: There should be a clear division of responsibilities at the top of the company – the working of the Board and the executive responsibility of the company’s business – which will ensure a balance of power and authority, such that no one individual represents a considerable concentration of power.

- G 3.1 The position and role of the Company’s Chairman Mrs Fang Ai Lian and the Group CEO Mr Christopher Wei are distinct and separate, with a clear division of responsibilities between them. The Company has Board-approved internal guidelines setting out the scope of authority of the Chairman and Group CEO. The Chairman and the Group CEO are not related to each other.

The Chairman Mrs Fang Ai Lian is a non-executive Director and is independent from management and business relationships with the Company. Her principal responsibilities include leading the Board to ensure its effectiveness on various aspects of the Board's role, approving the meeting agenda of the Board, monitoring the quality and timeliness of the flow of information from Management to the Board and promoting effective communication with shareholders. The Chairman also facilitates robust discussions and deliberations in Board meetings, encourages constructive relations between executive and non-executive Directors and between the Board and Management and promotes high standards of corporate governance with the full support of the other Directors, the Company Secretary and Management.

The Group CEO manages the Company and oversees the Company's operations and implementation of the Company's strategies, plans and policies to achieve planned corporate performance and financial goals. His management of the Company's businesses, including implementing the Board's decisions, is carried out with the assistance of the senior management executives of the Company. Collectively, they are responsible for the day-to-day operations and administration of the Company, ensuring, *inter alia*, operational and organisational efficiency, profit performance of the operating units, regulatory compliance, good corporate governance and effective risk management.

The Board has not appointed a Lead Independent Director because the Chairman and Group CEO are already separate persons and the Chairman, a non-executive director, performs an effective check and balance on Management. The appointment of a Lead Independent Director will unnecessarily diffuse board leadership, in view of the current board size of the Company.

BOARD MEMBERSHIP

Principle 4: There should be a formal and transparent process for the appointment of new directors to the Board.

- G 4.1 The Company does not have a Nominating Committee. The Company's present Board takes on the functions of the Nominating Committee.

Re-nomination of Directors

All Directors of the Board are required to submit themselves for re-nomination and re-election at regular intervals, at least once every three years. At each annual general meeting ("AGM") of the Company, one-third of the Directors are required to retire by rotation in accordance with the Company's Articles of Association, being one-third of those who have been longest in office since their last re-election. Such retiring Directors are eligible for re-election when re-nominated by the Board, taking into account the Directors' attendance at meetings, their expertise, knowledge and commitment, and their contributions to Board discussions and to the effectiveness of the Board.

The Board also reviews annually whether Directors who have multiple Board representations have demonstrated satisfactory time commitment and have carried out their duties adequately as the Company's Directors during the year. The Board was of the view that Directors were able to devote sufficient time and attention to the affairs of the Company in FY2011.

Directors are expected to set aside adequate time for their oversight of matters relating to the Company. The Company has established guidelines on meeting attendance and the appointments outside the Company. The Board, based on the guidelines

established, assesses annually each Director's attendance record and degree of participation at meetings. In respect of other appointments, it takes into account various factors such as the nature of the appointment (full-time or otherwise), complexity of organisation and degree of participation in sub-committees.

Process for appointment of new Directors

- G 4.5 The process includes reviewing proposals for the appointment of new Directors and assessing any suitable candidates based on criteria such as their track record, age, financial and commercial business experience, capabilities, skills, professional qualifications, integrity and field of expertise relevant to the Company, potential to contribute to the effectiveness of the Board and to complement the skills, knowledge and expertise of the Board.

Key information on Directors

- G 4.6 Key information regarding the Company's present Directors, including their academic and professional qualifications, date of first appointment as Directors, date of last re-election or re-appointment as Directors of the Company, other directorships or chairmanships both present and held over the preceding three years in other listed companies and other major appointments are disclosed in this Report. Details of Directors' membership on the present Board Committees are disclosed in this Report. Directors' interests in shares and share options in the Company's ultimate parent company, OCBC Bank and other related corporations are disclosed in the Company's Directors' Report that accompanied the Company's financial statements for the year ended 31 December 2011. The Company does not grant share options to non-executive Directors of the Company. The Directors do not hold shares in the Company or the Company's subsidiaries.

BOARD PERFORMANCE

Principle 5: There should be a formal assessment of the effectiveness of the Board as a whole and the contribution by each director to the effectiveness of the Board.

- G 5.1 The Board has implemented formal processes for assessing the effectiveness of the Board as a whole, and the contribution by each individual Director to the effectiveness of the Board. Such processes are similar to those of the Company's holding company, GEH. The Board (taking on the responsibilities of the former Nominating Committee) oversees the annual assessment process, which consists principally of evaluation by and feedback from each Director. Each Director evaluates the performance of the Board and Board Committees and conducts a self-assessment and a peer-assessment of the other members of the Board.

Such assessments are made against established performance criteria consistent with those approved by the Board and used in the previous year. The performance criteria reflects the Board's responsibility to safeguard the interests of the shareholders and includes qualitative measures such as setting of strategic directions and achievement of strategic objectives, quality of risk management and adequacy of internal controls. An independent consultant was appointed to facilitate this evaluation process and to assist the Board in collating and analysing the returns and feedback of the Directors.

The Board has found that such individual assessments by the Directors are useful and constructive since the implementation of such evaluation process several years ago. This collective process has also provided an opportunity to obtain insightful feedback from each Director on suggestions to enhance the effectiveness of the Board and has helped Directors to be more focused on their duties, responsibilities and contributions to the effectiveness of the Board.

ACCESS TO INFORMATION

Principle 6: In order to fulfil their responsibilities, Board members should be provided with complete, adequate and timely information prior to board meetings and on an on-going basis.

The Board members are provided with relevant and timely information by Management on matters to be discussed or considered at meetings of the Board and Board Committees. In respect of matters for approval, information furnished by Management usually includes background explanatory information, relevant facts and/or analysis to support the proposal, implications or merits of the case, the budget if applicable and Management's recommendation. The senior management executives who can provide additional information and insight or provide clarifications to queries raised are usually present at the meeting during discussion on such matters. Occasionally, external consultants engaged on specific projects may also be invited to brief the Board.

Information furnished to the Board on an on-going basis includes the monthly financials and the quarterly reports prepared on a GEH Group basis which includes the financial performance of the Company, with explanations of material variances between actual results and the business plan/budget. In addition, the Board via the Risk and Investment Committee, receives regular updates of all potentially material risks facing the business.

Directors have separate and independent access to the Company Secretary and to senior management executives of the Company at all times.

The Company Secretary attends all Board meetings and prepares minutes of Board proceedings. She assists the Chairman to ensure that appropriate Board procedures are followed and that applicable regulations are complied with. Under the direction of the Chairman, she ensures good information flows within the Board and Board Committees and between senior management and non-executive Directors. The Company Secretary also facilitates the orientation of new Directors and professional development of Directors as required. The appointment and removal of the Company Secretary is considered to be a matter for the Board as a whole.

The Directors may take independent professional advice as and when necessary to enable them to discharge their duties effectively; the cost of such professional advice is borne by the Company, as applicable.

Members of Board Committees are given unfettered access to information in the Company for the purposes of carrying out their responsibilities.

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 7: There should be a formal and transparent procedure for developing policy on executive remuneration and for fixing the remuneration packages of individual directors. No director should be involved in deciding his own remuneration.

LEVEL AND MIX OF REMUNERATION

Principle 8: The level of remuneration should be appropriate to attract, retain and motivate the directors needed to run the company successfully but companies should avoid paying more than is necessary for this purpose. A significant proportion of executive directors' remuneration should be structured so as to link rewards to corporate and individual performance.

DISCLOSURE ON REMUNERATION

Principle 9: Each company should provide clear disclosure of its remuneration policy, level and mix of remuneration, and the procedure for setting remuneration in the company's annual report. It should provide disclosure in relation to its remuneration policies to enable investors to understand the link between remuneration paid to directors and key executives, and performance.

G 9.1 The Company does not have a Remuneration Committee. The Company's present Board takes on the functions of the Remuneration Committee.

Such functions include:

- (1) approving a fee-structure for Directors' fees, as well as the framework of remuneration of the executive Director/Group CEO and the senior management executives reporting directly to the Group CEO. Such framework covers all aspects of remuneration including salaries, allowances, bonuses, share options and other incentives and benefits;
- (2) approving the remuneration package for the Group CEO; and
- (3) ensuring that the Company's remuneration policies and practices are sound and the remuneration packages are appropriate to attract, retain and motivate the executive Director and senior management executives without being excessive.

The Board members are knowledgeable in the field of executive compensation, and also have access to expert advice from external independent compensation consultants, where necessary. In its deliberations, the Board takes into account remuneration principles, practices and standards that may be specified by the Monetary Authority of Singapore from time to time.

P 9 Remuneration of non-executive Directors

The non-executive Directors are paid Directors' fees, which take into account factors such as the Directors' contributions, effort and time spent, attendance at meetings and the frequency of meetings, the respective responsibilities of the Directors including the Board Committees on which they serve, market practices and the need to pay competitive fees to attract, retain and motivate Directors. No Director is involved in deciding his own remuneration.

The Board performs an annual review of the fee structure for Directors' fees and approves any changes considered necessary or appropriate. The aggregate Directors' fees based on the Board-approved fee structure are subject to shareholder's approval at the Company's AGM.

The Board has decided to adopt the following fee structure to compute the fee for each non-executive Director of the Company in respect of the financial year ended 31 December 2011 ("FY2011").

Board

- Annual fee for Chairman: \$120,000
- Annual fee for other member: \$60,000

Board Committees

- Annual fee for Chairperson: \$45,000 for Audit Committee; \$45,000 for Risk and Investment Committee;
- Annual fee for other Committee Member: \$22,500 for Audit Committee, Risk and Investment Committee.

Attendance fee: \$3,000 per Board or Board Committee meeting. The attendance fee is paid to non-executive Directors to recognise their commitment and time spent in attending meetings.

P 9 **Remuneration policy in respect of Executive Director and key senior management executives**

The objective of the remuneration policy is to attract, motivate, reward and retain quality personnel. The Group CEO, being an executive Director of the Company, is not paid a Director's fee, but receives a remuneration package comprising a basic component and a variable performance-related component. The remuneration of the Group CEO, the respective CEOs of the Company's principal insurance subsidiaries and the key senior management executives who report directly to the Group CEO are reviewed annually by the Board, based on the overall remuneration framework approved by the Board.

In its annual review of the remuneration package of the Group CEO and senior management executives, the Board takes into consideration factors such as market competitiveness and market benchmark, and that the remuneration is commensurate with individual performance and contribution.

The basic component of the remuneration package comprises the basic salary, payable on a monthly basis. The variable components of the remuneration comprise the performance-based variable bonus and the long term incentives, generally paid/awarded once a year, and have been designed to link rewards to corporate and individual performance, based on appropriate and meaningful performance measures set up by the Company and approved by the Board.

In awarding long term incentives including the grant of share options to senior executives, the Board also takes into account such senior executives' potential for future development and contribution to the Company.

The annual budget for salary increment, performance-related variable bonus and long term incentives, proposed by Management are submitted to the Board and approved by the Board.

As a consequence of the financial crisis, financial institutions globally have been reviewing compensation practices to reduce incentives that encourage excessive risk taking. In 2009, the Financial Stability Forum (FSF) developed principles and implementation standards for Sound Compensation Practices for significant financial institutions. While the Company's compensation practices largely meet the FSF principles and implementation standards, it is continuing to review its compensation practices to comply with the required standards.

Disclosure on Directors' remuneration

G 9.2 The total Directors' remuneration in respect of FY2011 is disclosed in the table below. Non-executive Directors will be paid Directors' fees totalling \$741,625 in respect of FY2011, subject to approval at the Company's AGM. In FY2010, non executive Directors were paid Directors' fees totaling \$457,500.

The table below shows the remuneration of non-executive Directors and the executive Director of the Company for FY2011.

Name of Director	Total Remuneration \$'000	Salary & Fees \$'000	Bonuses ⁽¹⁾ \$'000	Benefits-in-kind ⁽²⁾ \$'000

Christopher Wei ⁽⁴⁾⁽⁵⁾	2,878	976	1,595	307

Notes:

- (1) Represents sign-on bonus, long term incentive take-out and bonus take-out.
- (2) Represents non-cash-component and comprises housing, car and club benefits.
- (3) Resigned as Director with effect from 5 December 2011 and stepped down as Member of RIC with effect from 5 December 2011. Director's fee attributable to Mr Soon Tit Koon is paid to OCBC Bank.
- (4) Appointed as Director with effect from 10 February 2011.
- (5) Mr Wei's remuneration is shown on a group-wide basis.

- G 9.2 After careful consideration, the Company has decided not to disclose information on the names and remuneration of the top five key management executives as the disadvantages to the Company's business interests would far outweigh the benefits of such disclosure, in view of the disparities in remuneration in the industry and the competitive pressures that are likely to result from such disclosure.
- G 9.3 None of the Directors had immediate family members who were employees of the Company and whose personal annual remuneration exceeded \$150,000.

Share option scheme

- G 9.4 The Company does not have a share option scheme. Instead, the Company's ultimate holding company, OCBC Bank, grants share options pursuant to the OCBC Share Option Scheme 2001 (the "OCBC Scheme") to selected senior executives of the Company. Details of options granted are disclosed in the Company's financial statements; details of the OCBC Scheme are set out in OCBC Bank's Annual Report.

ACCOUNTABILITY

Principle 10: The Board should present a balanced and understandable assessment of the company's performance, position and prospects.

As the Company is wholly-owned by GEH, the Board is also responsible for providing to GEH, the Company's shareholder, a balanced and understandable assessment of the performance of the Company, position and prospects, including furnishing periodic financial statements and other reports.

To keep Board members informed and updated, Management provides the Board with financials which contain financial updates on the performance and position of the Company on a monthly basis. The Board is also updated on any significant events that have occurred or affected the industry during the year.

AUDIT COMMITTEE

Principle 11: The Board should establish an Audit Committee with written terms of reference which clearly set out its authority and duties.

G 11.8 **AUDIT COMMITTEE**

The Audit Committee at the date of this report comprises three Directors who are all non-executive Directors, being Mr Gerard Ee Hock Kim (Chairman), Mr Koh Poh Tiong and Mr Tan Yam Pin. Members of the Audit Committee are appropriately qualified to discharge their responsibilities. Two members of the Audit Committee have accounting, auditing and financial management knowledge and experience. They are Mr Gerard Ee Hock Kim and Mr Tan Yam Pin.

As the Company's present Audit Committee comprises three Board members who are independent from management and business relationships with the Company and a majority of the members (including Chairman of the Audit Committee) are independent directors (under the ICGR), the composition of the Company's present Audit Committee is in compliance with the ICGR.

The Audit Committee carries out functions prescribed in Section 201B(5) of the Companies Act, Chapter 50 and in the Guidelines, and operates within Board-approved written terms of reference which set out the Audit Committee's authority and duties.

The Audit Committee has explicit authority to investigate any matter within its terms of reference and has the full co-operation of and access to Management. The Audit Committee has full discretion to invite any Director or senior management executive to attend its meetings. It has resources to enable it to discharge its functions properly.

G 11.8 The functions performed by the Audit Committee and details of the Audit Committee's activities during the FY2011 included the following:

- (1) Reviewed with the internal and external auditors –
 - 1.1 their audit plans, their evaluation of the system of internal controls and their audit reports;
 - 1.2 the scope and results of the internal audit procedures; and
 - 1.3 the assistance given by the officers of the Company to the auditors.

- (2) Reviewed with the external auditors –
 - 2.1 the audited financial statements of the Company for the financial year for submission to the Board for consideration and approval thereafter;
 - 2.2 their scope and overall audit procedures and cost effectiveness, and their independence and objectivity taking into consideration factors including the nature and extent of non-audit services provided by them;
 - 2.3 the implications and impact on the financial statements of proposed implementation of new financial reporting standards and any changes in accounting policies and regulatory requirements; and
 - 2.4 any significant financial reporting issues, to ensure the integrity of the financial statements of the Company.

- (3) Reviewed the findings of the internal and external auditors on their reviews of the adequacy and effectiveness of the internal controls of the Company and its principal subsidiaries, including internal financial controls, operational and compliance controls and systems established by Management.

- (4) Reviewed the effectiveness of the internal audit functions of the Company and its principal subsidiaries.
- (5) Performed the annual review of the independence of the external auditors.
- (6) Made recommendations to the Board on the re-appointment of the external auditors and approved the remuneration and terms of engagement of the external auditors.

The Company has also instituted a whistle-blowing policy whereby staff of the Company may raise concerns about possible improprieties in matters of financial reporting or other matters in confidence. Concerns expressed anonymously will be considered and investigated on the basis of their merits. The Audit Committee ensures that arrangements are in place for the independent investigation of such matters and for appropriate follow-up action.

The Audit Committee held a total of four meetings in 2011. Members' attendance at the Audit Committee meetings is disclosed in this Report. The internal and external auditors were present at the Audit Committee meetings and the Group CEO and certain senior management executives including the Group Chief Financial Officer were also present.

The Audit Committee, in performing its functions, has met at least annually with the internal and external auditors without the presence of Management. The auditors, both internal and external, have unrestricted access to the Audit Committee.

INTERNAL CONTROLS

Principle 12: The Board should ensure that the Management maintains a sound system of internal controls to safeguard the shareholders' investments and the company's assets.

- G 12.2 The Board, with the concurrence of the Audit Committee and the Risk and Investment Committee, believes that the system of internal controls, including financial, operational and compliance controls and risk management systems, maintained by the Company's management and that was in place throughout the financial year and up to and as of the date of this report, is adequate to meet the needs of the Company in its current business environment.

The system of internal control provides reasonable, but not absolute, assurance that the Company will not be adversely affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. However, the Board also notes that no system of internal control could provide absolute assurance in this regard, or absolute assurance against the occurrence of material errors, poor judgement in decision-making, human error, losses, fraud or other irregularities.

INTERNAL AUDIT

Principle 13: The company should establish an internal audit function that is independent of the activities it audits.

The internal audit function ("Group Audit") resides in-house and is independent of the activities it audits. Its terms of reference are approved by the Audit Committee. The primary line of reporting for the Head of Group Audit is to the Chairman of the Audit Committee, although the Head of Group Audit reports administratively to the Group CEO. The Group Audit Department is staffed by suitably qualified executives and the Audit Committee ensures that the internal audit function is adequately resourced. Group Audit meets or exceeds the Standards for the Professional Practice of Internal

Auditing of The Institute of Internal Auditors.

- G 13.9 The Audit Committee approves the appointment, resignation or dismissal of the Head of Group Audit.

During the year, the Group Audit Department carried out audits on selected significant business units in the Company, including audit review of the IT systems. Group Audit's summary of major findings and recommendations and Management's related responses were discussed at the Audit Committee meetings. The Audit Committee also reviews annually the adequacy of the internal audit function.

The scope of Group Audit's responsibilities is clear and appropriate for the risks which the Company is or could be exposed to, including those risks arising from proposed new lines of business or products. Its responsibilities include:

- (1) evaluating the reliability, adequacy and effectiveness of the internal controls and risk management processes of the Company,
- (2) ensuring that the internal controls of the Company result in prompt and accurate recording of transactions and proper safeguarding of assets, and
- (3) determining whether the Company complies with laws and regulations and adheres to established policies, and whether Management is taking the appropriate steps to address control deficiencies.

COMMUNICATION WITH SHAREHOLDERS

Principle 14: Companies should engage in regular, effective and fair communication with shareholders.

Principle 15: Companies should encourage greater shareholder participation at AGMs, and allow shareholders the opportunity to communicate their views on various matters affecting the company.

The Company places great importance on regular, effective and fair communication with its shareholder (GEH). The Company ensures that timely and adequate disclosures of material information on the Company are made available to its shareholder, including periodic financial results with balanced and comprehensive assessments of the performance and position of the Company.

For the Company's AGM, separate resolutions are set out on distinct issues, such as the proposed re-appointment or re-election of Directors, proposed Directors' fees and recommendation of final dividend, for approval by its shareholder (GEH) at the Company's AGM.

EXECUTIVE COMMITTEE

Principle 16: The Board may establish an Executive Committee to assist in the discharge of its duties.

- G 16.4 In view of its Board size of five Directors, the Company currently does not have an executive Committee.

RISK MANAGEMENT

Principle 17: The Board should ensure that there is a robust risk management system in the Financial Institution.

RISK AND INVESTMENT COMMITTEE AND RISK MANAGEMENT

- G 17.6 The Risk and Investment Committee at the date of this report comprises two Directors, Mrs Fang Ai Lian (Chairman) and Mr Christopher Wei.

The Company intends to appoint a new Director to fill the position vacated by Mr Soon Tit Koon and the new director would also be appointed as a member of the Risk and Investment Committee.

The Risk and Investment Committee assists the Board in monitoring the effectiveness and adequacy of the risk management processes and systems set up by the Company.

The Risk and Investment Committee reviews the overall risk management framework and performs its functions pursuant to its Board-approved terms of reference. Such terms of reference include the overview and periodic review of policies on asset-liability and investment management, overview on enterprise risk management, major risk management initiatives and approval of significant investment, property and other financial transactions that exceed the authorisation limits of the Management Committees that the Risk and Investment Committee oversees. Investment-related activities and transactions of material consequence are reviewed and approved by the Risk and Investment Committee and reported to the Board for information or for endorsement or approval, as applicable.

The Risk and Investment Committee held a total of six meetings in 2011.

The Company's risk management function has adequate resources and is staffed by an appropriate number of experienced and qualified employees who are sufficiently independent to perform their duties objectively.

- G 17.3 The Board approves the appointment and reviews reasons for resignation of the Head of Group Risk Management.

The Company's enterprise risk governance, risk management objectives and policies and other pertinent details are disclosed in the notes to the financial statements.

RELATED PARTY TRANSACTIONS

Principle 18: The Board should ensure that related party transactions with the Financial Institution are undertaken on an arm's length basis.

- G 18.1 The Company has established policies and procedures on related party transactions. These include definitions of relatedness, limits applied, terms of transactions, and the authorities and procedures for approving and monitoring the transactions. The Audit Committee reviews material related party transactions and keeps the Board informed of such transactions, if any. Measures are taken to ensure that related party transactions are conducted on reasonable commercial terms and in the ordinary course of business.
