

GREAT TERM

A lifetime of coverage at affordable premiums

#Lifeproof you and your family with a lifetime of protection

When you're young and starting out in life, you are focused on working hard to build a stable foundation. Having the assurance that everything you've set out to achieve is well protected will give you the confidence to scale to greater heights.

GREAT Term is an affordable term insurance plan that provides high protection against death and terminal illness. It also offers the flexibility to add optional riders against Total and Permanent Disability (TPD) as well as Early, Intermediate and/or Critical Stages Critical Illness (CI).

Over the years when your needs change, e.g., embarking on parenthood and preparing for higher education for children, you can also convert your term plan to a whole life, endowment, universal life or investment-linked plan.

Key Benefits

Essential protection made affordable

Enjoy the protection you need against death and terminal illness at an affordable premium.

Highly customisable coverage

Choose your desired coverage term – from a term of 6 years to up to age 100. For enhanced coverage, you can add optional riders to cover TPD and up to 121 CI conditions.

Choice of optional rider(s) to further boost your coverage

TPD Benefit	Living Care Rider	Complete Living Care Rider
Total and Permanent Disability	53 Critical Stage CI Conditions	121 Early, Intermediate, and Critical Stage CI Conditions

Assurance to convert your policy

To meet your life changing needs, you may choose to convert the base plan and its rider(s)¹ to a life policy offering cash value, regardless of your health status.

¹ Conversion privilege is applicable to GREAT Term, TPD Benefit, Complete Living Care Rider and Living Care Rider. The conversion privilege enables the riders to be converted (together with the basic plan) to a new TPD benefit or critical stage critical illness benefit offering equivalent or similar coverage (as determined by us), without evidence of insurability, provided that prevailing rules at the time of conversion are met.
